Veteran-Focused Living

As a VA-contracted facility, Centennial provides both short-term rehabilitation and long-term care within a setting where Veterans feel understood and connected.

Our special veterans programming is intentionally designed to reflect the experiences, interests, and needs of those who served.

Built For Those Who Served

centennialhcc.com

Programming with **PURPOSE**

*Our approach goes beyond
traditional recreation.*

Every activity and event is carefully planned to create meaningful opportunities for engagement, familiarity, and connection.

Dedicated VETERANS GROUPS
twice a month

Themed SOCIAL GATHERINGS with
food, entertainment & camaraderie

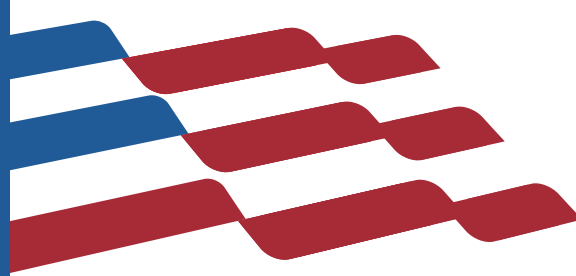

Vet MOVIE Days

Relaxed "KICKBACK" Sessions

VET TECH CORNER with
Restore Skills video games

**Animal-Assisted Interventions /
PET THERAPY**

Through partnerships with outside organizations and vendors, we continuously expand our offerings with new events, experiences, and resources.

A Community Your Can See

Each unit features a Veterans Wall, showcasing the faces and stories of those residents who served. These displays create a sense of pride and identity that carries throughout the building.

Mental Health Support

Group therapy sessions focused on PTSD and shared experiences provide a safe and supportive environment led by clinical professionals.

Designated SERVICE-FOCUSED Concierge

Our VA Concierge is here to serve you personally — responding to your individual needs and regularly gathering your feedback to ensure Centennial Healthcare remains a place where veterans feel heard, respected, and genuinely at home.

CARE That Meets Every Need

Veterans at Centennial Healthcare benefit from specialized clinical programs, including pulmonary care, stroke recovery, Parkinson's care, and more, all delivered within a setting that prioritizes dignity and respect.
